Job Outlook

• Employment of insurance underwriters is projected to decline 5 percent from 2018 to 2028. Automated underwriting software allows workers to process applications more quickly than before, reducing the need for as many underwriters.

• Employment of claims adjusters, appraisers, examiners, and investigators is projected to decline 4 percent from 2018 to 2028. Technology is expected to automate some of the tasks currently performed by these workers.
